

THE PUBLIC RECORDS POLICY OF THE DELAWARE, KNOX, MARION, MORROW SW DISTRICT

The public records policy of the DKMM District's office guides employees in making available the materials to which the public is entitled by law. The policy, summarized below, appears in full in the DKMM Policies and Procedures Manual. Also, a copy of the most recent edition of the Ohio Sunshine Laws: An Open Government Resource Manual, which explains open records laws, is available free at www.OhioAttorneyGeneral.gov/YellowBook.

DEFINING AND ORGANIZING PUBLIC RECORDS

Records that document the work of the DKMM District's office are public, unless they are exempt by law from disclosure. Public Records laws apply to records in any format, including those that exist on paper, electronically (for example, email), or on any other media.

MAKING RECORDS ACCESSIBLE

Public records are available for inspection during regular business hours. Records must be provided for inspection, and copies must be made available within a reasonable period of time.

PROCESSING REQUESTS

It is the goal of the DKMM District's office that requests for public records be acknowledged in writing, or, if feasible, satisfied within three business days of the request.

No "official" language is required to make a request for public records, and the request does not need to be in writing. The person making the request does not have to provide his or her identity, nor must he or she indicate how the records will be used. In fact, the office does not request such information. However, the person must identify the requested records with sufficient clarity to allow the office to retrieve them. If a request is ambiguous or overly broad, the office may deny the request but needs to contact the requester for clarification. The office should assist the person in revising the request by explaining how the office's records are organized and accessed.

HANDLING ELECTRONIC RECORDS

Electronic records are to be treated in the same way as records in other formats. Email, text messages, and instant messages, for example, may be public records if their content documents the business of the office.

Records transmitted to or from private email accounts to conduct public business are subject to disclosure, and all employees or representatives of the DKMM District are required to retain them in accordance with applicable records retention schedules.

DEALING WITH DENIALS OR REDACTIONS

If the office withholds, redacts, or otherwise denies requested records, it must provide an explanation, including legal authority. If portions of a record are public and other portions are exempt, the exempt portions may be redacted while the rest are released. When making public records available for public inspection or copying, the office shall notify the requestor of any redaction or make the redaction plainly visible.

DETERMINING COPYING AND MAILING CHARGES

There is no charge to inspect public records. Copies of records are available at actual cost, including labor. The charge for paper copies is 5 cents per printed page (10 cents for double sided). The charge for electronic files downloaded to a flash drive will be at the same rate of cost as charged to the District. The actual cost of postage, mailing supplies, or other delivery costs may be charged. There is no charge for emailed documents. It is permissible to require payment of all costs in advance of delivery. The requester may choose the medium in which the record is copied, within reasonable limitations of the office.
