

Residential Tire Collection Grant

* Please read thoroughly. The application process has changed. *

PROGRAM INTRODUCTION

DKMM will assist municipalities with the logistics and cost of holding a tire collection event for their residents. DKMM will coordinate the delivery of a 40 yard open top container for the collection of passenger and light duty tires from residents. After the event DKMM will ensure the collected tires are delivered to a recycling facility.

DKMM will pay the transportation fee of one container and 20% of the tire recycling fees. The applicant will be invoiced for the remaining balance. It will be up to the applicant to advertise the collection event to their residents, staff the event and collect any fee as set by the applicant.

WHO CAN APPLY

Any township, village or city within Delaware, Knox, Marion, and Morrow counties

MATCH FUNDS

Applicants will be required to demonstrate a financial contribution to the collection according to the following table. We encourage, but do not require, you to collect a fee per tire to help cover the cost of the program. The hope is the event will be low cost or no cost to the applicant. We estimate \$2.50-\$3.00 per tire will cover the recycling fee of passenger and light truck tires. This is an estimate and cannot be guaranteed. If you choose to accept tires on rims, an additional \$6.55 per rim will apply (this is not calculated in the \$2.50-\$3.00 per tire estimate).

Fees are based on contracts DKMM has secured with vendors at a discounted rate.

Transportation Fee	\$425	DKMM	100%
Tire recycling fee (passenger & light truck)	\$223/ton	DKMM	20%
		Municipality	80%
Rim Removal fee	\$6.55/rim	DKMM	20%
		Municipality	80%
Tire Recycling Fee (ag and off-road)	\$370/ton	Municipality	100%
(Not accepted but if placed in container)			
Applicant is responsible for 100% of all costs associated with additional bins.			

ALLOWABLE COSTS

- Tire transportation fee for one 40-yard open top container
- Tire recycling fee for passenger and light truck tires in one container
- Tire rim removal fee for passenger and light truck tires in one container

UNALLOWABLE COSTS

- Any costs associated with more than one 40-yard open top container
- Advertising and marketing materials
- Staff time
- Equipment costs

FUNDING CRITERIA

Please note, funding is limited. DKMM will consider the following elements in the process of determining grant awards:

- Demonstration of need. Provide a clear description of the issues you are experiencing with tire dumping, tire hoarding, township/health department involvement in tire enforcement, etc.
- Past participation. Priority will be given to first-time applicants.
- Collection of a fee per tire.
- Applications servicing more than once municipal jurisdiction.
- Potential for evolution into a permanent service without future DKMM funding.

APPLICATION PROCEDURE

Applications must be received by the DKMM office by January 19, 2024

Applications must be submitted no later than the designated date. DKMM offices will be moving in December. **Emailed applications are preferred.** If you are unable to email your application, please contact DKMM for further instructions.

Applications should be emailed to:
Jenna Hicks, District Director
jhicks@dkmm.org
740-393-4600 ext. 1

IF YOU RECEIVE FUNDING

The grant document and submitted application will serve as the funding agreement once approved by DKMM. DKMM will pay for all costs associated with one 40-yard container. This consists of a transportation invoice from Mid-Ohio Sanitation and a recycling invoice from Liberty Tire. DKMM will invoice the applicant according to the provided table within 45 days of the event. Reimbursement will be expected within 30 days from the date of receipt of the invoice.

Costs associated with any additional bins over one will be billed directly to the applicant by Mid-Ohio Sanitation and Recycling. There will be one invoice which will include transportation and

recycling fees and will be payable to Mid-Ohio Sanitation and Recycling directly. These fees will be billed at the gate rate and may be higher than the costs of the initial container.

EVENT PLANNING

The tire bin(s) will be delivered the day prior to your scheduled event and will be picked up the next business day. For Saturday events, the bin(s) will be delivered Friday and picked up the following Monday.

- Residential tires only, no businesses may bring tires.
- Passenger and light truck tires only, no agriculture or off-road tires or equipment tracks. If they are unknowingly placed in the bin, you will be charged 100% of the cost.
- Applicant will be responsible for any and all tires, even if dumped outside the designated collection event.
- Approximately 300 passenger tires will fit in one 40 yd container.
- You can walk into the 40 yd container and will not need to throw tires over the side.
- Limit of 10 tires per trip as outlined by Ohio EPA tire transportation guidelines.
- Applicant must staff the event and neatly stack tires in the provided container.

**Questions regarding this program can be directed to
Jenna Hicks, District Director at 740-393-4600 ext. 1
jhicks@dkmm.org**

Residential Tire Grant Application

APPLICANT INFORMATION

County: _____

Municipality: _____

Contact Person Name and Title: _____

Mailing Address: _____

Phone: _____

Email: _____

NEED

1. Why are you requesting funding to hold a tire collection? Outline, in full detail, any tire related issues you are experiencing.

2. Describe your commitment to continue holding tire collections without future DKMM funding?

3. Is this a multiple jurisdiction application? If yes, please list partners.

EVENT INFORMATION

1. Preferred date and time you would like to hold your event.
2. Backup date if first choice isn't available.
3. Event address. Also describe in words or include a map of exactly where you would like the tire bin placed at the provided address.
4. How will you advertise the event?

5. How many staff and/or volunteers will be helping with the event and what equipment, if any, will be used to load the tire bin?

6. How much will you be charging residents for tires?

7. How many bins would you like to have delivered for your event?

8. Are you willing to reimburse DKMM according to the table in the tire grant funding notice?

Endorsement Page

I, the undersigned ***Authorized Official***, hereby authorize the below-named applicant to file a funding application with the Delaware, Knox, Marion, Morrow Solid Waste Management District to acquire funds to hold a residential tire collection. I further certify:

1. That _____ is authorized to enter into an agreement with the Delaware, Knox, Marion, Morrow Solid Waste Management District to hold a residential tire collection event.
(municipality applying for funding)
2. That by submitting the grant application, the applicant acknowledges that the proposed project requires the applicant to fund 80% of the passenger tire recycling costs and 100% of any ag and off-the-road tires as well as 100% of any costs associated with more than one bin.
3. That the applicant understands the suggested \$2.50 – \$3.00 per tire fee is not guaranteed to cover the full cost of the event and that the applicant has sufficient funds to cover any shortfall.
4. That the applicant will advertise the event to the best of their ability and agrees to provide sufficient staff and or volunteers to hold the event.
5. That the applicant understands they are responsible for any and all tires that are placed in the bin(s) even if dumped outside of the event date and time.
6. That the applicant agrees to pay for the proper disposal of any tires that do not fit in the DKMM provided container(s) by calling Mid-Ohio Sanitation, a certified tire transporter, to set up additional containers at applicant's expense. Applicant can choose to transport tires directly to Liberty Tire, LLC. Of Ohio, 2879 Jackson Pike, Grove City, Ohio and pay the designated gate rate fee. If more than ten tires, applicant must obtain a letter from the local health district granting the ability to transport more than the 10-tire transportation limit.
7. That _____ is designated as the applicant's
(Authorized Official's name – type or print)

Authorized Official and is permitted to plan and implement all aspects of the proposed tire collection event as allowed by the Delaware, Knox, Marion, Morrow Solid Waste Management District.
